1. Attached is an article entitled "President Orders Progress Reports on Beautification" which appeared in The Washington Post on 4 April 1965. This article may be of assistance to you in preparing the response to reference memorandum.

2. Colonel White suggests that you also incorporate the substantive comments contained in his correspondence with the Fairfax County Planning Commission on the rural character of the headquarters area. While GSA is generally responsible for the maintenance and upkeep of the area, the Agency has been substantially responsible for the appearance of the campus and surrounding area.
